## **Photo-Booth:**

If you are planning a Sweet 16, Wedding, Mitzvah, or Corporate Event, and you want to add more “FUN” factor to it, it’s hard to beat this Photo Booth for making a fabulous impression on your guests! Folks of all ages will appreciate the novelty and nostalgia of a genuine photo booth. Our Photo Booth captures candid memories in classic black and white or luxurious color. Your guests will enjoy having these retro “strip” photos to take home as a keepsake.

Premium Event Studios offers the best Photo Booth in the business.

Unlimited Photos, Unlimited Prints, Unlimited Copies

High-Resolution DVD with all your print images, included in all packages.

The Best Camera, powered by a real DSLR. Accept no substitutions.

Highest Quality Prints, Laser Dye-Sublimation. Very fast, instantly dry.

Professional staff to assist you and your guests using the booth.

Wacky props box available at no charge.

Your choice of 4x6 or 5x7 Photographs!

OPTIONAL:

Custom branding on all prints. Names, dates, anything you imagine. Online Gallery for you and your guests.

### **PHOTO-BOOTH TYPES:**

#### **1. “Enclosed” Photo-Booth:**

The booth will be entirely enclosed, so you and your guests have total privacy while taking your photos. This configuration is much more intimate, but cannot accommodate large groups. A bench is provided. Typically, two people fit comfortably, with an absolute maximum of four people in the picture. This type requires less floor space, only 5’x8’.

#### **2. “Open” Photo-Booth:**

The booth will consist of a freestanding background with a bench provided for the guests. This configuration allows you to have lots of people in the picture at once. Typically 8-10 people can cram into the picture. This type requires 10’x10’ of floor space to set up properly. Great fun for groups, but does not provide the intimacy of the Enclosed type.

## Our Prints

---

Our prints are the best in the business... And for good reason. We run the best printers, and the best media. We were one of the very first photo booths to incorporate high speed dye-sub printers. Our prints are instantly dry, laminated, and look just like what you would receive from any photo lab. We were also the first in the business to offer the exclusive Jumbo print size.
